

Claire Schneider-Williams

Technical Specialist

PROFILE

Finance, Programme & Contract Management

An enthusiastic, confident and hardworking professional with over 20 years' project coordination experience, who combines technical programme management methodologies (including PRINCE2) with the practical application & implementation expertise to coordinate and support a wide range of complex programmes, internationally.

Career experience comprises; Contract management, Finance, Sub-contractors support & management, Procurement, Commodity management, Tenders & RFPs and Client Engagement, HR and Business development.

Claire has a demonstrable track record of building and maintaining strong teams and fostering a collaborative "can do" attitude enabling her to pro-actively manage and coordinate multiple stakeholder groups including direct staff, clients and sub-contractors, supporting delivery teams and ensuring projects achieve objectives, within the schedule and budget.

Throughout her career Claire has been fortunate to experience a wide range of industries and sectors including; Nuclear Energy, Aerospace, Construction, Global Manufacturing, Shipping, Automotive and Logistics.
