

# Linea Receives International Accreditation

NEWS RELEASE

participate in international trade missions and explore potential opportunities in new countries and regions.

We also look forward to working with the ITC in supporting global and local economic communities.

We are pleased to announce that Linea is an Accredited Member of the [International Trade Council](#).

The International Trade Council has a mission to connect the global business community, educational institutions, chambers of commerce and industry associations, and government entities. To fulfil their goals, they establish public-private partnerships, welcome chambers of commerce as members, and create specialised business councils for various industry sectors.

Their aim is to provide essential knowledge, resources, skills, and guidance to its members, regardless of geographical location, to excel in international trade and achieve professional goals.

Their services are designed to cater to diverse cultures, nationalities, and sectors, all guided by their core purpose of "Unite. Enlighten. Advance."

This accreditation and affiliation with the ITC will provide Linea and its partners the opportunity to

'We are very pleased to receive the accreditation from the ITC, which supports Linea's efforts to support businesses and organisations in global locations.'
